1. Arriving at Yambol on the road from Sliven, the following may be observed:
 - a. Near the summit of Hill 230, an observation post and a barbed wire fence surrounding the top of the hill; no buildings were noted; and 25X1
 - b. On the northwest side of the road, another enclosed area with an unidentified number of small buildings; two artillerymen were seen leaving this area.

A sketch showing the location of these "depots" is included as Appendix A on page 2.
2. A depot was observed at the northwestern entrance of Slatina (N 43-14, E 27-25), Provadiya Okoliya. The depot area starts at the edge of the road, where there are four small service buildings, and extends over the area to the north of Slatina, running then as far as the southeastern exit of the village. The entire area is enclosed by a barbed wire fence and dominated by an observation post. At the top of the slope there are an unidentified number of small masonry buildings which may perhaps be entrances to underground depots. Levelling work is in progress in the southeastern part of the depot, near the road to Provadiya. An Air Force sentry was observed guarding the area. A sketch showing the location of this depot is included as Appendix B on page 2.
